INSPEM WEEKLY SEMINAR

UPM — UNIVERSITI PUTRA MALAYSIA — BERILMU BERBAKTI

Date & Time

6th July 2018, Friday @ 3.15 pm

Venue

Al-Farabi Seminar Room, Second Floor, INSPEM

Presenter

Mr. Kathiresan Gopal
Research Officer
Laboratory of Statistical and Computing Services

Topic

Developing Web Applications Using R with Shiny

Abstract

This talk is intended to demonstrate web application development using R, an open source programming language with Shiny, an open source web application framework for R. In contrast to the conventional approach, the R and Shiny combo provides a much easier procedure to build web applications without any web programming skills.
